Journal of Ethnopharmacology 48 (1995) 177–179

Journal of ETHNO-PHARMACOLOGY

Subject index

Volume 48 (1995)

ACE; Angiotensin converting enzyme; Anti-hypertensive; Diuretic; Bioassay; Traditional medicine **48**, 43

Administration; Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Malaria; Anti-malarials; Preparation of remedy; Dosage; Pharmacological effects **48**, 131

Alkaloids; Analgesic activity; *Psychotria colorata*; Amazonian caboclos; Naloxone **48**, 77

Amanita muscaria; Soma; Buddhism; Psychedelic drugs; Odin **48**, 99

Amazonian caboclos; Analgesic activity; *Psychotria colorata*; Naloxone; Alkaloids **48**, 77

Analgesic activity; *Psychotria colorata*; Amazonian caboclos; Naloxone; Alkaloids **48**, 77

Angiotensin converting enzyme; ACE; Anti-hypertensive; Diuretic; Bioassay; Traditional medicine **48**, 43

Annona glabra; Stem bark; Antimicrobial; Anthelmintic; Insecticidal; Kaur-16-en-19-oic acid **48**, 21

Anthelmintic; *Annona glabra*; Stem bark; Antimicrobial; Insecticidal; Kaur-16-en-19-oic acid **48**, 21

Anthelmintic activity; Papaya latex; *Carica papaya*; *Heligmosomoides polygyrus*; Mouse **48**, 161

Anti-diabetic plants; Medicinal plants; Hypoglycemic plants; Diabetes mellitus; Edible plants **48**, 25

Anti-hypertensive; Angiotensin converting enzyme; ACE; Diuretic; Bioassay; Traditional medicine **48**, 43

Anti-inflammatory; *Vitis elongata* **48**, 59

Anti-malarials; Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Malaria; Preparation of remedy; Dosage; Administration; Pharmacological effects **48**, 131

Anti-tumour; *Centella asiatica*; Umbelliferae; Cytotoxicity **48**, 53

Antigonorrhoeal activity; Guatemala; *Bixa orellana*; *Clematis dioica*; *Eupatorium odoratum*; *Parmentiera edulis* **48**, 85

Antimalarial plants; Traditional healers; Traditional medicine; Traditional remedies; Malaria; Anti-malarials; Preparation of remedy; Dosage; Administration; Pharmacological effects **48**, 131

Antimicrobial; *Annona glabra*; Stem bark; Anthelmintic; Insecticidal; Kaur-16-en-19-oic acid **48**, 21

Arachidonic acid; Saiboku-To; 5-Lipoxygenase; Cysteinyl leukotrienes; Leukotriene B_4; Cyclooxygenase; Thromboxane A_2 (TXA_2) **48**, 33

Atomic emission spectroscopy; *Cochlospermum planchonii*; Hepatoprotective agent; Zinc; Cytochrome P-450; Nigeria **48**, 89

Augmentative effect; *Zingiberis rhizoma*; *Cytokine* **48**, 13

Bioassay; Angiotensin converting enzyme; ACE; Anti-hypertensive; Diuretic; Traditional medicine **48**, 43

Biodiversity; Medicinal plants; Nepal **48**, 1

Bixa orellana; Antigonorrhoeal activity; Guatemala; *Clematis dioica*; *Eupatorium odoratum*; *Parmentiera edulis* **48**, 85

Buddhism; *Amanita muscaria*; Soma; Psychedelic drugs; Odin **48**, 99

Carica papaya; Papaya latex; Anthelmintic activity; *Heligmosomoides polygyrus*; Mouse **48**, 161

Centella asiatica; Umbelliferae; Cytotoxicity; Antitumour **48**, 53

0378-8741/95/$09.50 © 1995 Elsevier Science Ireland Ltd. All rights reserved

Chinese medicines; Superoxide; Herbs; Superoxide production; Superoxide scavenger **48**, 165

Clematis dioica; Antigonorrhoeal activity; Guatemala; *Bixa orellana*; *Eupatorium odoratum*; *Parmentiera edulis* **48**, 85

Cochlospermum planchonii; Hepatoprotective agent; Zinc; Cytochrome P-450; Atomic emission spectroscopy; Nigeria **48**, 89

Cyclooxygenase; Saiboku-To; 5-Lipoxygenase; Cysteinyl leukotrienes; Leukotriene B_4; Arachidonic acid; Thromboxane A_2 (TXA_2) **48**, 33

Cyclooxygenase; Swedish traditional medicine; Medicinal plants; Inflammation; Prostaglandins; Platelet activating factor; Elastase **48**, 61

Cysteinyl leukotrienes; Saiboku-To; 5-Lipoxygenase; Leukotriene B_4; Arachidonic acid; Cyclooxygenase; Thromboxane A_2 (TXA_2) **48**, 33

Cytochrome P-450; *Cochlospermum planchonii*; Hepatoprotective agent; Zinc; Atomic emission spectroscopy; Nigeria **48**, 89

Cytokine; *Zingiberis rhizoma*; Augmentative effect **48**, 13

Cytotoxicity; *Centella asiatica*; Umbelliferae; Anti-tumour **48**, 53

Diabetes mellitus; Anti-diabetic plants; Medicinal plants; Hypoglycemic plants; Edible plants **48**, 25

Diuretic; Angiotensin converting enzyme; ACE; Anti-hypertensive; Bioassay; Traditional medicine **48**, 43

Dosage; Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Malaria; Anti-malarials; Preparation of remedy; Administration; Pharmacological effects **48**, 131

Edible plants; Anti-diabetic plants; Medicinal plants; Hypoglycemic plants; Diabetes mellitus **48**, 25

Elastase; Swedish traditional medicine; Medicinal plants; Inflammation; Prostaglandins; Cyclooxygenase; Platelet activating factor **48**, 61

Eupatorium odoratum; Antigonorrhoeal activity; Guatemala; *Bixa orellana*; *Clematis dioica*; *Parmentiera edulis* **48**, 85

Guatemala; Antigonorrhoeal activity; *Bixa orellana*; *Clematis dioica*; *Eupatorium odoratum*; *Parmentiera edulis* **48**, 85

Health care; Traditional healers; Traditional medicine; Tanzania **48**, 145

Heligmosomoides polygyrus; Papaya latex; *Carica papaya*; Anthelmintic activity; Mouse **48**, 161

Hepatoprotective agent; *Cochlospermum planchonii*; Zinc; Cytochrome P-450; Atomic emission spectroscopy; Nigeria **48**, 89

Herbs; Superoxide; Superoxide production; Superoxide scavenger; Chinese medicines **48**, 165

Hypoglycemic plants; Anti-diabetic plants; Medicinal plants; Diabetes mellitus; Edible plants **48**, 25

Inflammation; Swedish traditional medicine; Medicinal plants; Prostaglandins; Cyclooxygenase; Platelet activating factor; Elastase **48**, 61

Insecticidal; *Annona glabra*; Stem bark; Antimicrobial; Anthelmintic; Kaur-16-en-19-oic acid **48**, 21

Kaur-16-en-19-oic acid; *Annona glabra*; Stem bark; Antimicrobial; Anthelmintic; Insecticidal **48**, 21

Leukotriene B_4; Saiboku-To; 5-Lipoxygenase; Cysteinyl leukotrienes; Arachidonic acid; Cyclooxygenase; Thromboxane A_2 (TXA_2) **48**, 33

5-Lipoxygenase; Saiboku-To; Cysteinyl leukotrienes; Leukotriene B_4; Arachidonic acid; Cyclooxygenase; Thromboxane A_2 (TXA_2) **48**, 33

Malaria; Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Anti-malarials; Preparation of remedy; Dosage; Administration; Pharmacological effects **48**, 131

Malaria; Traditional healers; Traditional medicine; Perception of malaria; Traditional concepts of causation; Prevention of malaria **48**, 119

Medicinal plants; Anti-diabetic plants; Hypoglycemic plants; Diabetes mellitus; Edible plants **48**, 25

Medicinal plants; Biodiversity; Nepal **48**, 1

Medicinal plants; Swedish traditional medicine; Inflammation; Prostaglandins; Cyclooxygenase; Platelet activating factor; Elastase **48**, 61

Medicinal plants; Xhosa; Traditional healing; Transkei **48**, 7

Mouse; Papaya latex; *Carica papaya*; Anthelmintic activity; *Heligmosomoides polygyrus* **48**, 161

Naloxone; Analgesic activity; *Psychotria colorata*; Amazonian caboclos; Alkaloids **48**, 77

Nepal; Medicinal plants; Biodiversity **48**, 1

Nigeria; *Cochlospermum planchonii*; Hepatoprotective agent; Zinc; Cytochrome P-450; Atomic emission spectroscopy **48**, 89

Odin; *Amanita muscaria*; Soma; Buddhism; Psychedelic drugs **48**, 99

Papaya latex; *Carica papaya*; Anthelmintic activity; *Heligmosomoides polygyrus*; Mouse **48**, 161

Parmentiera edulis; Antigonorrhoeal activity; Guatemala; *Bixa orellana*; *Clematis dioica*; *Eupatorium odoratum* **48**, 85

Perception of malaria; Traditional healers; Traditional medicine; Malaria; Traditional concepts of causation; Prevention of malaria **48**, 119

Pharmacological effects; Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Malaria; Anti-malarials; Preparation of remedy; Dosage; Administration **48**, 131

Platelet activating factor; Swedish traditional medicine; Medicinal plants; Inflammation; Prostaglandins; Cyclooxygenase; Elastase **48**, 61

Preparation of remedy; Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Malaria; Anti-malarials; Dosage; Administration; Pharmacological effects **48**, 131

Prevention of malaria; Traditional healers; Traditional medicine; Malaria; Perception of malaria; Traditional concepts of causation **48**, 119

Prostaglandins; Swedish traditional medicine; Medicinal plants; Inflammation; Cyclooxygenase; Platelet activating factor; Elastase **48**, 61

Psychedelic drugs; *Amanita muscaria*; Soma; Buddhism; Odin **48**, 99

Psychotria colorata; Analgesic activity; Amazonian caboclos; Naloxone; Alkaloids **48**, 77

Saiboku-To; 5-Lipoxygenase; Cysteinyl leukotrienes; Leukotriene B_4; Arachidonic acid; Cyclooxygenase; Thromboxane A_2 (TXA_2) **48**, 33

Soma; *Amanita muscaria*; Buddhism; Psychedelic drugs; Odin **48**, 99

Stem bark; *Annona glabra*; Antimicrobial; Anthelmintic; Insecticidal; Kaur-16-en-19-oic acid **48**, 21

Superoxide; Herbs; Superoxide production; Superoxide scavenger; Chinese medicines **48**, 165

Superoxide production; Superoxide; Herbs; Superoxide scavenger; Chinese medicines **48**, 165

Superoxide scavenger; Superoxide; Herbs; Superoxide production; Chinese medicines **48**, 165

Swedish traditional medicine; Medicinal plants; Inflammation; Prostaglandins; Cyclooxygenase; Platelet activating factor; Elastase **48**, 61

Tanzania; Traditional healers; Traditional medicine; Health care **48**, 145

Thromboxane A_2 (TXA_2); Saiboku-To; 5-Lipoxygenase; Cysteinyl leukotrienes; Leukotriene B_4; Arachidonic acid; Cyclooxygenase **48**, 33

Traditional concepts of causation; Traditional healers; Traditional medicine; Malaria; Perception of malaria; Prevention of malaria **48**, 119

Traditional healers; Traditional medicine; Antimalarial plants; Traditional remedies; Malaria; Anti-malarials; Preparation of remedy; Dosage; Administration; Pharmacological effects **48**, 131

Traditional healers; Traditional medicine; Malaria; Perception of malaria; Traditional concepts of causation; Prevention of malaria **48**, 119

Traditional healers; Traditional medicine; Tanzania; Health care **48**, 145

Traditional healing; Xhosa; Medicinal plants; Transkei **48**, 7

Traditional medicine; Angiotensin converting enzyme; ACE; Anti-hypertensive; Diuretic; Bioassay **48**, 43

Traditional medicine; Traditional healers; Antimalarial plants; Traditional remedies; Malaria; Anti-malarials; Preparation of remedy; Dosage; Administration; Pharmacological effects **48**, 131

Traditional medicine; Traditional healers; Malaria; Perception of malaria; Traditional concepts of causation; Prevention of malaria **48**, 119

Traditional medicine; Traditional healers; Tanzania; Health care **48**, 145

Traditional remedies; Traditional healers; Traditional medicine; Antimalarial plants; Malaria; Anti-malarials; Preparation of remedy; Dosage; Administration; Pharmacological effects **48**, 131

Transkei; Xhosa; Traditional healing; Medicinal plants **48**, 7

Umbelliferae; *Centella asiatica*; Cytotoxicity; Anti-tumour **48**, 53

Vitis elongata; Anti-inflammatory **48**, 59

Xhosa; Traditional healing; Medicinal plants; Transkei **48**, 7

Zinc; *Cochlospermum planchonii*; Hepatoprotective agent; Cytochrome P-450; Atomic emission spectroscopy; Nigeria **48**, 89

Zingiberis rhizoma; *Cytokine*; Augmentative effect **48**, 13
